Safeguarding Children Courses

Awareness of Child Abuse and Neglect – Core

This course is suitable for everyone who works directly with children and young people, including frontline professionals. This course covers a variety of child protection and safeguarding children issues and is suitable for anyone who regularly comes into contact with children or who may be asked to contribute to the assessment of children in need.

The course aims to inform about the various types of abuse and neglect that can happen to a child and then explain what you must do if you suspect a child is being abused or neglected.

This course allows you to choose the legislation which applies to your country, should it be England, Wales, Scotland or Northern Ireland.

A section of this course looks into multi-agency cooperation focusing specifically at Police, Social Services, Social Housing, Healthcare, Education (Early Years, Primary, Secondary, Further or Higher), Prisons, Secure Units, Probation, Youth Justice Youth Groups Community Groups & Voluntary groups.

Safeguarding Children and Young People from Abuse by Sexual Exploitation

Increases awareness of the main issues in the sexual exploitation of children and young people and raises awareness of the legislation and guidance that applies to vulnerable groups and how these policies can be applied in practice. Aimed at anyone who comes into contact with children and young people during the course of their work.

Basic Awareness of Domestic Abuse including the impact on children

Helps you to explain, describe and recognise the signs of domestic violence and neglect. It will also help you identify ways to supports victims, identify the 'dos and don'ts', recognise when it is appropriate to assist, know where and when to get help and be aware of best practice.

Trafficking, Exploitation and Modern Slavery

This course is about understanding, combating and helping people who are being trafficked, exploited or used in modern slavery. It examines different types of exploitation, how individuals become victim to abuse and what actions professionals should take to recognise victims and help them

Understanding Pathways to Extremism and the Prevent Programme

This course is aimed at all professionals who work in sectors where they come into contact with people who may be vulnerable to radicalisation, whether they are adults, children or young people.

The aim of the course is to give you an awareness of the radicalisation process so you can feel confident about being proactive in taking a multi-agency approach to early intervention and support.

Self-harm and Suicidal Thought in Children and Young People

This course aims to educate learners about the warning signs, risk factors and actions to take should they suspect a child or young person is self-harming or having suicidal thoughts.

An Introduction to FGM, Forced Marriage, Spirit Possession and Honour Based Violence

Provides an understanding of Female Genital Mutilation, Honour Based Violence, Spirit Possession and Forced Marriage. These are the four main types of abuse that stem from culture related traditions and this course increases awareness of specific cultural and religious needs whilst providing the knowledge practitioners need to be confident when conversing with those from a different cultural background around the subjects.

E-Safety – Guidance for Practitioners

Safeguarding risks are associated with the internet and other forms of modern technology. This course helps you understand the different ways children and young people use technology and how this can make them vulnerable.

Hidden Harm

When it comes to drug and alcohol misuse in adults focus is often on the parent. This course aims to emphasis the effects on children and young people, raises awareness and helps spot

signs and identify appropriate windows to help break the cycle and safeguarding the child.

Parental Mental Health

This course raises awareness of the main issues surrounding mental health in parents and focuses on how this can impact children and young people. It increases understanding of the causes and symptoms of mental health and knowledge of how to advise and support parents, children and young people.

Safeguarding and Leadership

This course is intended for operational managers at all levels, including supervisors, frontline managers, managers of child protection units and those involved in the specification, commission and monitoring and / or provision of services to children, young people and their families. It provides an understanding of what is required to ensure that appropriate safeguarding training, monitoring and leadership is embedded through all organisations.

Collaborative Working: A Whole Family Approach

This course provides the learner with an understanding of the impact of whole family working and the key principles of whole family intervention.

Information Sharing Level 2

This course aims to change the perception that information sharing and data security are complex issues by simplifying and clarifying the processes so that the learner feels more confident in understanding what they can share, when they can share it and with whom.

Working with Children with Disabilities

This course aims to raise awareness of specific needs of these disabled children in relation to their vulnerability and communication. The course contains an overview of the national and local agenda in relation to children with disabilities, basic

knowledge of the range of protection needs of disabled children and information on how you can enable them to communicate about their experiences and provide support.

Early Child Development – Foundation

This course provides learners with an increased awareness of child development issues and highlights the factors that affect the individual pathway along which each child develops.

Risk Taking Behaviour

Risk Taking Behaviour can be defined as, 'the tendency to engage in behaviours that have the potential to be harmful or dangerous, yet at the same time provide the opportunity for some kind of outcome that can be perceived as positive.' Clearly from this definition we can see that although such behaviours may seem dangerous are wrong they do have an appeal factor for young people. This training will look at different forms of Risk Taking Behaviours allowing participants to raise awareness, minimise harm and foster a non-judgemental approach.

Children's and Young People's Development in Health and Social Care Settings

This Virtual College course aims to increase awareness of the prime concerns around children's and young people's development. It presents learners with an increased understanding of the expected pattern of development and details the factors that can influence development.

Communication in Health and Social Care or Children's and Young People's Settings

This course has been designed to provide learners with a basic understanding of what communication is, and how it can be used to support people who need help.

Duty of Care in Health, Social Care or Children's and Young People's Settings

It is vital that those working within health, social care or children and young people's settings not only understand what it means to have a duty of care in their work role but also how to effectively implement duty of care in everything they do.

Equality and Inclusion in Health, Social Care or Children's and Young People's Settings

This module has been designed to provide learners with the knowledge and skills required to promote and implement equality and inclusion.

Mental Capacity Act

The Mental Capacity Act is intended to assist and support people who may lack capacity and to discourage anyone who is involved in caring for someone who lacks capacity from being overly restrictive or controlling. This course aims to help care workers look at how the Act will affect them and to help them to develop best practice to include in the new legislation.

Deprivation of Liberty Safeguards

This module is aimed at everyone working in health and social care that makes decisions for people who may lack capacity and who require a knowledge of the Mental Capacity Act and, specifically, the issue of deprivation of liberty safeguards (often shortened to DOLS).

Home office FGM training

This course is designed for professionals and those who, as part of their role, either directly or indirectly, have a responsibility for or interest in safeguarding children. The aim of this course is to provide an overview of FGM and professionals' safeguarding responsibilities in FGM cases.

Awareness of Forced Marriage

Upon completing this course, learners will be able to recognise the warning signs of forced marriage, take the right actions to help protect the potential victim, and cooperate effectively with other agencies.
